8 things you should know

1

WHAT IS CRYPTOCURRENCY?

Cryptocurrency is a digital or virtual form of currency that uses cryptography for security

It is designed to work as a medium of exchange, just like traditional currencies such as the U.S dollar, euro or Japanese yen

Unlike traditional currencies issued and regulated by central banks, cryptocurrencies operate on decentralized networks, typically based on blockchain technology

What does that mean to you?

- It means that your money is secret
- You access your GatesTokens through our secure website or app to make transactions
- Only you (or whoever has your login password) can access your gatestoken and make transactions
- If you lose your private keys, have questions or need any help, you are NOT on your own; there is no banker but there is a help desk that you can call.

2

WHAT IS GATESTOKEN?

- GatesToken will be a well-known cryptocurrency
- It operates on a peer-to-peer network, meaning that transactions can be conducted directly between users without the need for intermediaries such as credit union or banks
- One of the key features of GatesToken is its limited supply
- There will only ever be 1 billion GatesToken in existence; 400 million will never be released into the market as this give it value over time

2

WHAT IS GATESTOKEN?

- GatesToken can be used to purchase goods and services, just as you'd use physical money
- GatesToken will be accepted globally as a legitimate source of funds
- Your GatesToken is an investment, which means you are using it to potentially make money

GatesToken will be accepted to pay rent, your mortgage and all transactions at The Gates Development

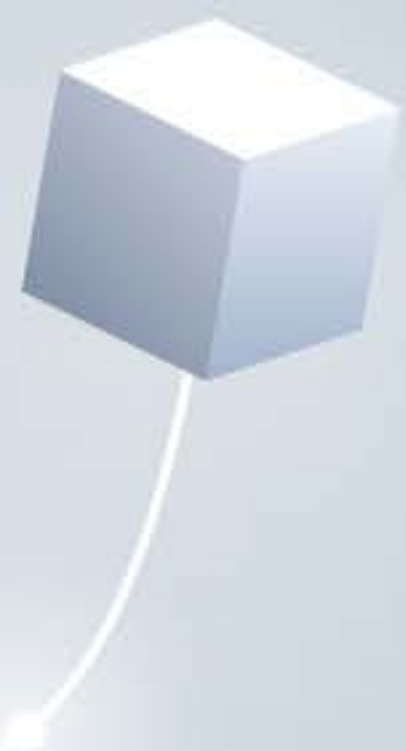

Peak Basketball Academy allows the use of GatesToken for transactions

AT&T is the first to provide a cryptocurrency payment option to customers

4

WHY WOULD YOU WANT TO INVEST IN GATESTOKEN?

- The purpose of investing in GatesToken is to make money
- There is opportunity to make money with GatesToken; however, there is also a risk that you will lose money
- If you're interested in GatesToken, make an investment amount that you can afford without breaking a sweat for a few years to maximize your return

5

IS YOUR MONEY PROTECTED WHEN IT'S IN GATESTOKEN?

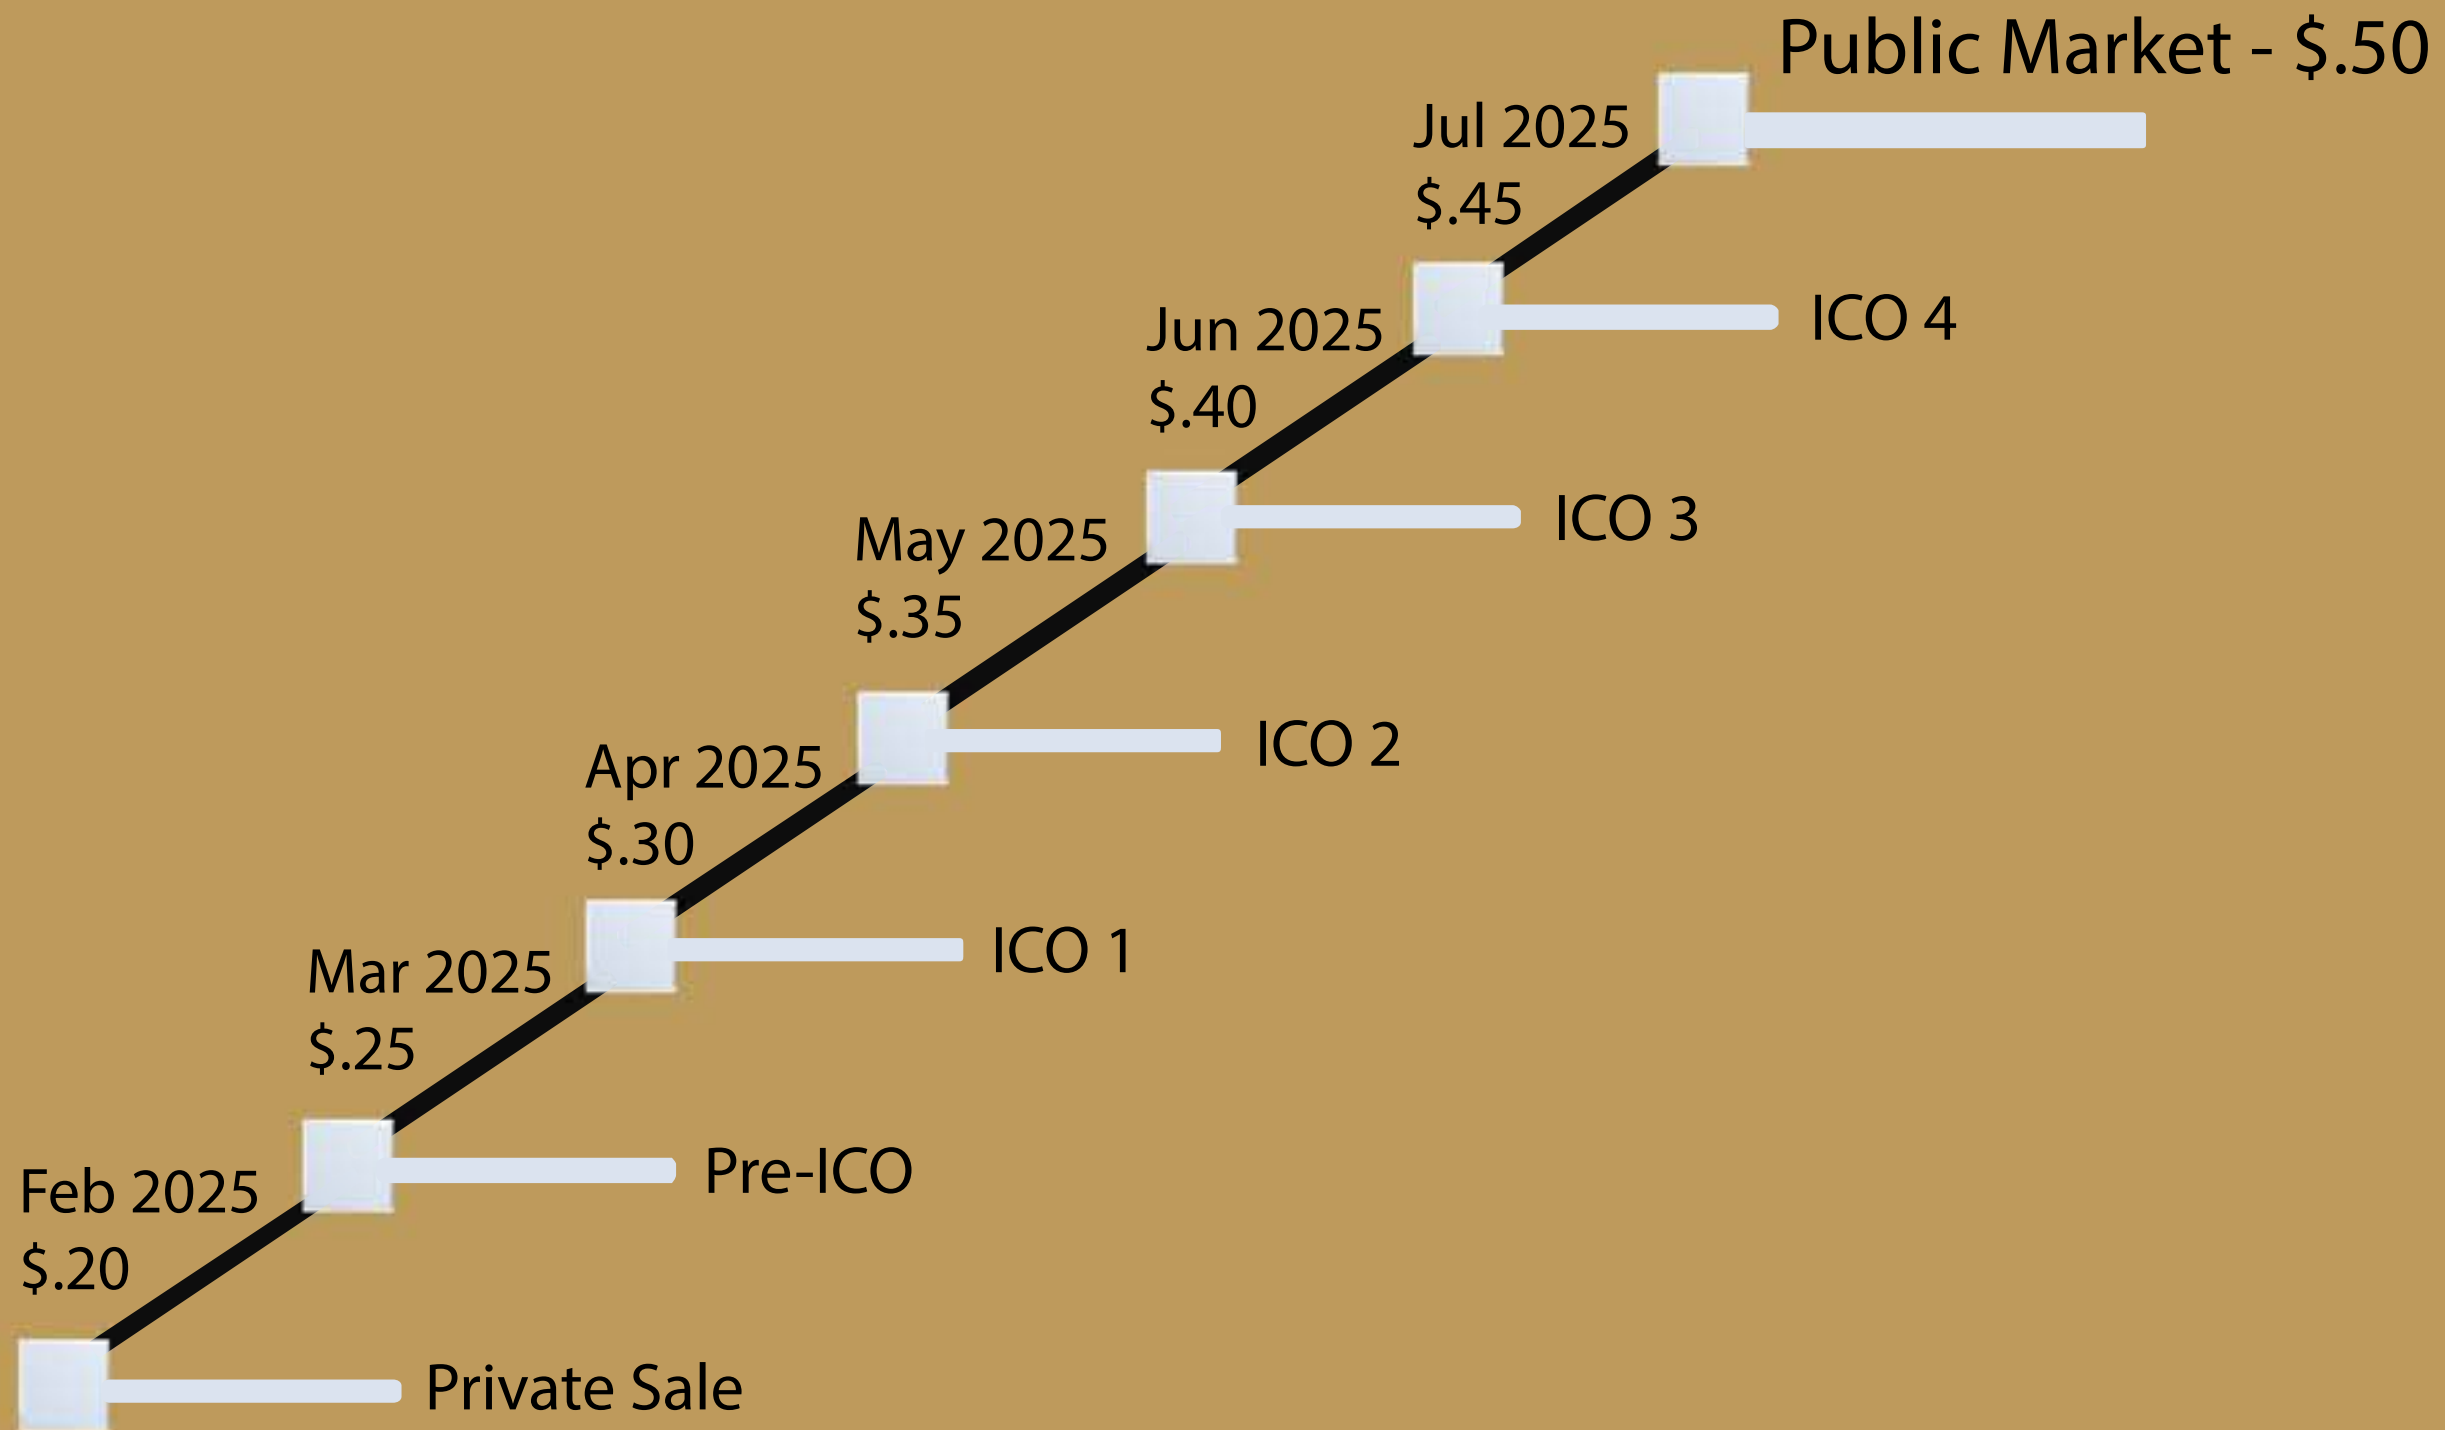

- GatesToken use cryptographic techniques and secure protocols to protect transactions and holdings
- Solana blockchain technology provides inherent security features
- Using strong passwords, enabling two-factor authentication and keeping your private key secure
- Some exchanges may offer some protections, such as insurance coverage for user funds

IS INVESTING IN GATESTOKEN WISE, THEN?

- That's for you to discuss with your family, friend or trusted financial planner
- However, always remember that the crypto market can be very volatile
- It's important that you understand what you're investing in, and even more crucial that you understand the associated risks

**Ask yourself
if you can
afford to risk
your money
in this kind of
scenario**

7

CAN I CONVERT GATESTOKEN INTO CASH?

- Yes, this is done through a virtual wallet
- Just like the traditional wallet you carry around, the virtual version holds your money, only digitally
- To convert your funds to cash, you can add your traditional real-life bank account to your wallet

8

DO YOU HAVE TO CLAIM GATESTOKEN ON YOUR TAXES?

- Yes, you do; in the United States, the IRS treats cryptocurrencies as property, rather than as currency, and general tax principles that are applicable to property transactions apply to transactions using cryptocurrency
- Please note that tax regulations and requirements can change, so it's advisable to consult with a tax professional or accountant who can provide specific guidance based on your individual circumstances

GatesToken will increase in popularity as more people explore its investment option. If you're considering investing you can invest automatically online, or you can contact us and we can speak and show a demo with our team on zoom so you know that your money will grow for you while you get good night's sleep!
